

The Pacific Southwest Addiction Technology Transfer Center presents...

SKILLS-BASED VIDEOCONFERENCING (SBVC) SERIES

Telebehavioral health and recovery support can assist with the expansion of services and improve client outcomes. It is essential to ensure that professionals providing services using videoconferencing mediums obtain comprehensive and specific training and supervision to offer the best quality of care. This series offers a unique interactive experience that provides shared consultation to professionals delivering counseling in an online environment. The series is structured to provide online consultation, skill-based learning and practice, group and self-study activities, reading assignments, and discussion on topics essential to providing services using videoconferencing mediums.

When

OBJECTIVES:

- Describe and demonstrate the role of Telebehavioral Health in the continuum of clinical services
- Identify the professional code of conduct for specific professional association
- Discuss the legal and jurisdictional implications for individual practice
- Explain how to identify, locate, and experience online support groups

TARGET AUDIENCE:

- Behavioral Health, Substance Use Disorders, and Recovery Service providers in the [Pacific Southwest ATTC](#) Region (HHS Region 9) which covers Arizona, California, Hawaii, Nevada, American Samoa, Commonwealth of the Northern Mariana Islands, Federated States of Micronesia, Guam, Republic of the Marshall Islands, and Republic of Palau

- Prior to the first session, view a **20-minute video tutorial** on how to use and maximize the videoconferencing platform
- Attend a live one hour *Orientation to Technology* Session on Thursday, May 9th at 3:00 PT

TRAINERS/FACILITATORS:

- Sandnes S. Boulanger, LCSW, CAP - Clinical Director, Operation PAR, Inc.

There is no cost to participate in a series: The first 40 registrants will receive a grant-funded scholarship that covers the entire \$350 cost of participation. As grant sponsored scholarship recipients and in order to receive continuing education hours, it is expected participants will view the 20-minute video tutorial; attend the live technology training; be prepared for and join each session; and actively engage in group discussions. Due to limited enrollment, if you cannot commit to the full participant requirements, please defer this registration opportunity to others.

PLEASE NOTE: Registrants enrolled in this series are required to attend the first two sessions on May 9th and May 16th. If you cannot attend these sessions, you will forfeit your attendance. In addition, it is expected that participants will have access to the appropriate technology by May 23rd in order to fully participate and be on camera at least 90% of the time. This is not a webinar series and active participation to gain/improve skills are required.
