

HIRING & RETENTION BONUS !!!!!

500\$ at successful completion of 90 days and another 500\$ at successful completion of 180 days.

40-45\$ per hour depending on experience

We are seeking a LADC/CADC to join our team! You will provide individual and group substance abuse treatment via telehealth as well as in person formats for adults who are part of a federally mandated treatment program. No weekend or holiday hours required, but you can make your own schedule and work weekends/ evenings if you wish! You will have the flexibility of a private practice setting without the financial responsibility of rent, billing, etc. and would be servicing a federal contract with a consistent & predictable caseload / number of hours per week. Work 4 hours, 10 hours or more per week... it's your choice! Furnished office space and comprehensive administrative support provided. (This is an "independent contractor" position which means you are paid as a 1099 not a W2 i.e., no taxes are deducted from your paycheck). We are well established and thriving private practice located in the enterprise area of Las Vegas (S. Jones and DI).

Responsibilities:

- Establish open lines of communication for individuals with mental or emotional issues
- Offer treatment to individuals with substance abuse issues
- Provide relapse prevention-oriented therapy services using CBT modality.
- Implement and review treatment plans
- Collaborate with additional treatment providers and placement agencies
- Ensure all documentation is completed in a timely manner
- Current malpractice insurance
- Current business license

Qualifications:

- Unrestricted license to practice independently in Nevada
- Must have own lap top computer
- Ability to pass federal background check
- Familiarity with cloud-based applications/ software preferably with Apple products
- Ability to comfortably edit, create & share PDFs, Word Documents
- Familiarity & skill in using EMR, as well as ZOOM or other platform for HIPAA compliant telehealth services
- Familiarity with community mental health resources
- Excellent written and verbal communications skills
- Ability to build rapport with clients
- Strong time management as well as writing skills
